

ATTENDANCE POLICY

Regular, punctual attendance in all classes is required of all athletes. To be eligible to attend and participate in a practice or play in a contest, an athlete must attend ALL scheduled classes on a given day. If a student sleeps in, skips a class or otherwise misses a class (even one class), then the athlete may NOT practice or play on that day. The ONLY exceptions to this policy are when a parent arranges a pre-planned absence (such as orthodontist appointment) IN ADVANCE.

If an athlete misses a class and does not tell the coach causing the coach to inadvertently allow an ineligible athlete to participate then the athlete will be suspended for the NEXT TWO days of competition. Repeat violations will result in longer suspensions, possible including the remainder of the season.

NOTE: On a related topic, team members enrolled in physical education class are expected to attend class regularly, to dress for activity, and to participate fully in the course (even on game day).

Huron athletes are expected to attend all classes every day unless an absence is pre-planned. Anyone too sick or too tired to come to school is also too sick or too tired to practice or play!

The attendance policy defined here for athletes is not new. It has been a Huron tradition for at least 30 years. When the Athletic Department discovers that the policy has been violated, consequences are always enforced. Such violations carry a penalty of TWO days of competition for the athlete.
